MEMORANDUM OF CONVERSATION

SUBJECT: McClintock Committee Meeting, 5 November 1969

PARTICIPANTS: State: Ambassador McClintock  
Ambassador Unger  
Mr. Dexter  
Mr. Wolf  
Mr. Futterman

White House: Mr. Lehman  
Mr. Mullenhoff

AID: Mr. William Templeton

DOD: General Stilwell  
General Ott  
General Seith  
Several unidentified Colonels

TIME AND PLACE: 11:00 a. m. room 7516 , Department of State

1. This meeting was held to review the preparation of materials for the Thai hearings. Several papers were distributed: the outline of Ambassador Unger's omnibus statement, the Subcommittee's schedule for the hearings and a memorandum from Ambassador Unger to Ambassador McClintock outlining the preparations being made by Defense and State. These papers are attached.

2. We discussed the question of the Thai role in the Laotian War. I noted that we had reviewed the Director's testimony and felt it covered the general thrust of this question although certain specifics were answered. It was agreed that if asked about this matter, the witnesses would state first that they understood this subject had been covered in Mr. Helms' testimony at the Laos hearings and, secondly, that they cannot discuss the matter. Hopefully this

formula will be acceptable to the Subcommittee.

3. There was some discussion of "off-the-record" testimony. It was agreed that this gambit should not be used by the witnesses because of the Subcommittee's willingness to repeat the statement and thereby put it "on-the-record" while framing another question to the same point.

4. Secretary of State Rogers has changed the ground rules on "personal opinion". He states that he does not feel that the witnesses have to give personal opinions, even while under oath. This conflicts somewhat with Futterman's memorandum for the record on this matter. This problem was not further clarified.

5. Ambassador McClintock announced that Subcommittee hearings on Taiwan will begin 24 November. McClintock has learned that Admiral Chew, General Ciccolella, and Col. Tweedy will be called as witnesses. There may be other witnesses. The State Department has not yet received the questions for Taiwan.

MEMORANDUM

November 4, 1969

TO: Ambassador McClintock

FROM: Ambassador Leonard Unger *LU*

SUBJECT: Preparations for Symington Subcommittee Hearings

I met on Monday afternoon, November 3, with other Subcommittee witnesses to discuss preparations for the hearings and the organization and presentation of testimony. Present were Dr. Tanham, General Seith, General Petit, General Ott and Lt. Colonel Bartelt. General Stilwell was not able to attend. Also present were Messrs. S. French and Peter Knaur of OSD/ISA.

We agreed that, in lieu of having individual witnesses present written statements on questions posed by the Subcommittee, there should be a single "omnibus" written statement presented by me at the outset of the hearings which would constitute a comprehensive Executive Branch statement.

We also agreed that I would commence my testimony as first witness with a general unclassified statement which would cover primarily questions one and five from Senator Symington's letter, i. e. "Treaties, statements and other agreements and commitments relating to security matters" and "Development of the United States presence in Thailand since 1964."

With regard to other questions, which for the most part would be dealt with by other witnesses, we felt that some could most helpfully be presented with an introductory prepared oral statement by the primary witness concerned but that, for other questions, an opening statement would probably not be necessary.

The following were our decisions on individual questions:

1. Joint planning, exercises and operations with the Thai, including air defense (Symington letter question #2) - no statement.

2. United States built and/or operated military facilities (Symington letter question #3) - no statement.
3. United States forces, missions and programs in Thailand (Symington letter question #4) - oral statement to be drafted by DOD.
4. The security threats to Thailand, both external and internal (Symington letter question #7) - oral statement to be prepared by State.
5. The military assistance program (Symington letter question #6) - oral statement to be prepared by DOD.
6. United States counterinsurgency programs (Symington letter question #8) - oral statement to be prepared by State (Tanham).
7. The Thai role in the war in Viet Nam, particularly Thai troops sent to Viet Nam (Symington letter question #10) - oral statement to be prepared by State in coordination with Defense.
8. Thai companies controlled and/or run by Thai government and military officials doing commercial business with United States agencies in Thailand (Symington letter question #12) - no statement.
9. The Thai role in the Laotian war (Symington letter question #11) - in view of our understanding that the Helms testimony in the Laos hearings would suffice for this question, we contemplate no prepared oral statement but believe we need guidance as to how to deal with the subject if questions on it are asked in the hearings.

For drafting of the omnibus statement, a small working group was appointed consisting of Lin Starbird, James Montgomery and John Eisenhower, who was nominated by Mr. French for Defense.

I suggest that copies of this memorandum be circulated at tomorrow's working group meeting.
